SUMMARY

MERN-Stack Developer with hands-on experience in building web applications using MongoDB, Express.js, React.js, and Node.js. Skilled in developing RESTful APIs, implementing role-based authentication, and integrating frontend with backend systems. Built real-world projects including a PG Management System with dynamic dashboards and database integration. Eager to contribute to scalable applications and continuously learn modern web technologies.

TECHNICAL SKILL

Language : HTML, CSS , JavaScript

Framework : React.js , TailwindCss

Developer Tools : Github , VS Code, Postman

Database : SQL, MongoDB

Backend : Node.js

PROJECTS

• Fitness Club

- **Role:** Front-End Developer
- **Tech Stack:** HTML, CSS, JavaScript, React.js , Node js
- **Description:** Developed a responsive and interactive fitness web platform that allows users to register, log in, and access personalized workout and diet plans. The website aims to promote health and fitness by offering customized exercise routines, age-based workout levels, and motivational challenges to boost user confidence.

• PG Management System

- **Role:** Full-Stack Developer
- **Tech Stack:** React.js, Node.js, Express.js, MongoDB
- **Description:** Developed a full-stack PG Management System with role-based authentication (Admin, Owner, Tenant). Implemented secure login and registration, RESTful APIs, and database integration using MongoDB. Built separate dashboards for tenants and owners, enabling property management, tenant tracking, and booking functionality. Integrated frontend with backend using Axios and ensured smooth data flow between client and server.

EXPERIENCE

• GROWNITED PRIVATE LIMITED

JAN 2026 – APR 2026

MERN STACK INTERN

- Completed a 3-month MERN Stack Internship at Grownited Private Limited, gaining practical experience in full-stack web development and modern software development practices.

• INVENTION HILL

APR 2026 – PRESENT

WEB DEVELOPER

- Working on web application development using React.js, Node.js, and SQL, contributing to frontend and backend development, REST API integration, and database management.

EDUCATION

Ahmedabad Institute Of Technology

Bechelor of Engineering , Computer Engineering

Ahmedabad

2022-2026

Vibrant School of Science

11-12th Science

Deesa , B.K

2020 - 2022

CERTIFICATION

• ADVANCED COURSE ON EMERGING TECHNOLOGIES (CODE UNNATI – SAP CSR INITIATIVE)

- Completed hands-on training in Machine Learning, Internet of Things (IoT), Deep Learning, Computer Vision, and SAP ABAP on Business Technology Platform (BTP), gaining practical exposure to modern industry technologies.
